

Banditone

Syrah

Loads of intensity to this syrah..resin and vanilla.

93 Points James Suckling

Grape Varietal: 100% Syrah - various clones.

Vineyard location: Santa Restituta.

Exposure and altitude: South; 320 - 360 metres.

Soil composition: Marl/Galestro, Rocky, Marine deposits.

Training system: Spurred cordon - Terraced (6 levels).

Planting density: 6,200 vines/hectare.

Vinification process: All work in the vineyards and cellar is done meticulously by hand on. Only perfectly mature, carefully selected grapes are harvested into 20 kilo cassettes. Fermented with indigenous yeasts in temperature-controlled vats, the must is pumped over and manually punched down. The wine matures for up to 18 months in 500 and 4,000 liter French oak, and ages in bottles for a minimum of 6 months.
